Reminder: Volume II - Rules of Procedure of FISav adopted by the general assembly of October 02, 2005 in Paris (France), modified by the general assembly of the FISav of Thursday 30 October 2014 in ROME (ITALE)

- Article 11 - § 2: International Competitors: License and Nationality

General principles:

- In the course of a sports year, an international competitor must, in principle, only be licensed to the national organization of Savate, affiliated to FISav, of the country of which he is a national.
- In the course of a single sports year, the fact that a competitor is simultaneously licensed in different national bodies affiliated to FISav is not allowed without specific written agreement between the national groupings concerned which would issue these licenses, and prior agreement of the FISav.
- The competitor must present an identity document (passport, identity card ...) attesting to the nationality represented during any participation in the official competitions of the FISav.

- Article 11 - & 2 A: Before 18 years:

In the case that a competitor has only one nationality,

- The competitor participating in an official FISav competition may only represent the country of which he / she is a national. Provided that he is at the same time a member of the national body (affiliated to FISav) of which he is a national.

In the event that a competitor has more than one nationality,

- The competitor may represent only one country in an official FISav competition. The competitor represents the country of which he is a national and in which he is licenced without being able to represent another nationality until reaching 18 years.

However, as an exception to the preceding provisions, an athlete may participate in an official FISav competition by being presented by a member country affiliated to FISav of which he / she is not a national, provided that the following two cumulative conditions are met:

- a): The athlete (under 18 years of age) must be permanently resident in the country of the affiliated member who has registered them for at least the 3 calendar years preceding the date of the competition. Such permanent residence must be attested by an official document issued by an authorized public authority.
- b): There is no official structure affiliated to FISav in the country of which he is a national, or that country of which he is a national, explicitly accepts, and in writing, that he may represent the other country where he resides permanently and where he is actually licenced in Savate, if that country of residence accepts it.

In the event that a competitor has more than one nationality,

After 18 years of age, the athlete, at the time of his first registration in an official international competition of the FISav, chooses a nationality of which he holds the passport, without being able to represent another nationality during his whole sports career in Savate.

Possibility of change of national representation,

However, as an exception to the previous provision, whilst having more than one nationality, and having already competed in an official international competition of the FISav for a nationality, the athlete may represent another nationality of which he has the passport:

- The nationality he wishes to represent is the nationality of his country of birth, where there never existed an official structure affiliated to FISav. The use of this right by the athlete is irreversible.
- The territory in which he lives and practices Savate (is licenced) changes his nationality due to a constitutional modification (separation, annexation of the territory) recognized by the United Nations.

SENIOR MEN & WOMEN, JUNIORS
22nd June to 25th June 2017

3.2 : Costs borne by the participating countries:

The CDI of June 11, 2007, confirmed the possibility for the organizer to request a financial contribution by the athletes and the members of their team. This financial contribution is requested for the entire competition (for the 3 days) in the context of the expenses listed in point 3.1 (expenses incurred by the organizer) and must allow the organizer to help settle a part of the expenses, in no way, to make profit.

On the occasion of the 2017 World Championship, the financial contribution requested for the athletes and the teams is 200 € for each athlete and trainer for the entire duration of the competition, but not for officials (judges, Referees, DOG) accepted by FISav. (From June 22 (weighing), to Sunday, June 25, 2017).

Before weighing the athletes of his / her delegation, the head of delegation must have paid to the organizer the total amount corresponding to all the members concerned by these participation fees. Note: nations have an obligation to pay all or part of this amount by bank transfer before their arrival.

**The weighing of an athlete can only be done after the full registration fee has been paid to FISav
FISav registration fee: 40 euros per athlete and per out-of-quota coach**

3.2.1 The travel costs of the athletes, officials and principle coaches:

The participating countries take in charge the travel costs (round-trip) of their athletes, principle coaches and officials designated by their national organization of Savate (within the maximum limit of the compulsory quota).

FISav and the organizer must be informed of any additional accompanying person in the official national delegation of a country. After agreement from FISav and the organizer, the national delegation of a country takes responsibility for **all the costs** of accommodation and meals for these additional persons accompanying the delegation.

For all other persons, not included in the delegation (accompanying persons, supporters, families Etc), the participation fee is 230 euros for the whole duration of the competition (from 22 June (weighing), to Sunday 25 June 2017).

3.2.2: The head of the delegation

A head of delegation is designated by the national organization of Savate, affiliated to FISav, from among the principle coaches or the officials. There is only one head of delegation per participating delegation. He is the spokesman for his country for discussions with FISav (Official Delegate) and the Organizer.

SENIOR MEN & WOMEN, JUNIORS
22nd June to 25th June 2017

On arrival of the delegation, the head of delegation must pay any outstanding costs for the participation of his delegation, see 3.2.2, above.

The head of delegation must contact the organizer in writing (fax, email, letter) at the latest 2 weeks before the start of the competition, to inform him of the mode of transport used by his delegation, the place of arrival (airport, station...) the date and the time of arrival.

After this date, the organiser is no longer obliged to welcome the delegation concerned, who will have to arrive at the place of the competition by their own means.

3.2.3 : Additional expenses of the participants of the championship :

Any expenses that are not foreseen as the responsibility of the organiser (see art. 3.1 above) must be paid immediately by the person who has made them, or by his head of delegation (for example: bar consumption, hotel supplements, restaurant, etc).

Also, if some delegations (or some members) want to arrive earlier, or leave later than the scheduled dates, this supplement is totally their responsibility, and the organizer must be notified in advance and have given his agreement.

3.2.4 Costs associated with damage:

Any damage caused by a member of a delegation (athletes, coaches, supporters, etc.) requiring repair costs must be paid by the federation responsible for the good conduct of its members, including its supporters. It will then be up to the national federation to claim reimbursement from its member (or its supporter) who has caused the damage.

In case of difficulty in collecting the sums owed, FISav reserves the right to consider the debt as its own.

3.2.5. Recommendation :

To avoid any mistake by the organizer, it is recommended that each delegation comes with

- its own national flag (maximum size: 1 m x 1.50 m)
- and its own national anthem in a transferable format

3.2.6 Unjustifiable forfeits:

Any unjustified forfeit, made without warning, by athletes from participating countries may result in reimbursement of costs paid by the delegate organizer to host these athletes.
